The website was built with the intention to meet the rising needs of university admission seekers and students who need learning resources to scale through their education. The primary position of the website is to meet the needs of educational consultants looking for quality prospective students leads and also for universities who are interested in finding prospective students who will like to study with them. It is a comprehensive directory of online programs, and MOOC Programs. Website provides the latest and most updated information on schools, scholarships opportunities and degree programs and college resources. The website which is the primary base of the business is built with the needs of all forms of learners, admission seekers and college students. The prospective buyer is an educational company looking for a stable source of traffic for their business. Website has around 600,000 monthly users on our website with over 200,000 of them specifically looking for admission information and degree requirements, the majority of the users are based in the USA. The website get users scattered across the world, the majority of our users are based in the USA.
